THE COVENANT CUP

The Covenant Cup is Covenant Foundation's signature annual golf tournament where philanthropy meets friendly competition. Each year, the event gathers over a hundred golfers including community members, corporate partners and health care champions who are united by a shared commitment to health care.

Proceeds from the tournament support vital priorities across Covenant sites, including seniors' health and wellbeing, mental health and addictions, rural health, palliative care, women's and children's health, and spiritual care.

Our last Covenant Cup was our biggest yet. We welcomed 144 golfers and raised more than \$140,000 for Covenant hospitals and continuing care sites across Alberta. Thanks to our golfers and sponsors, we continue to fund state-of-the-art equipment, enhanced care spaces, specialized programs and leading-edge innovations that elevate health care at every stage of life.

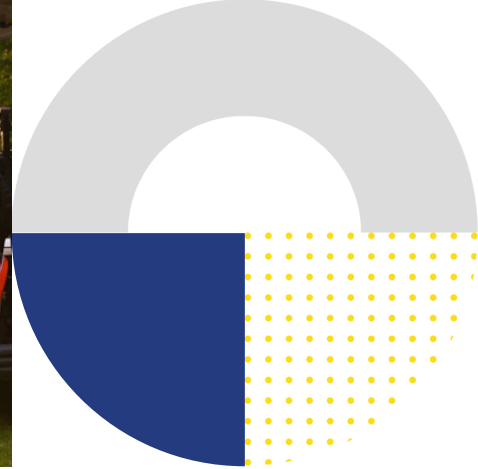

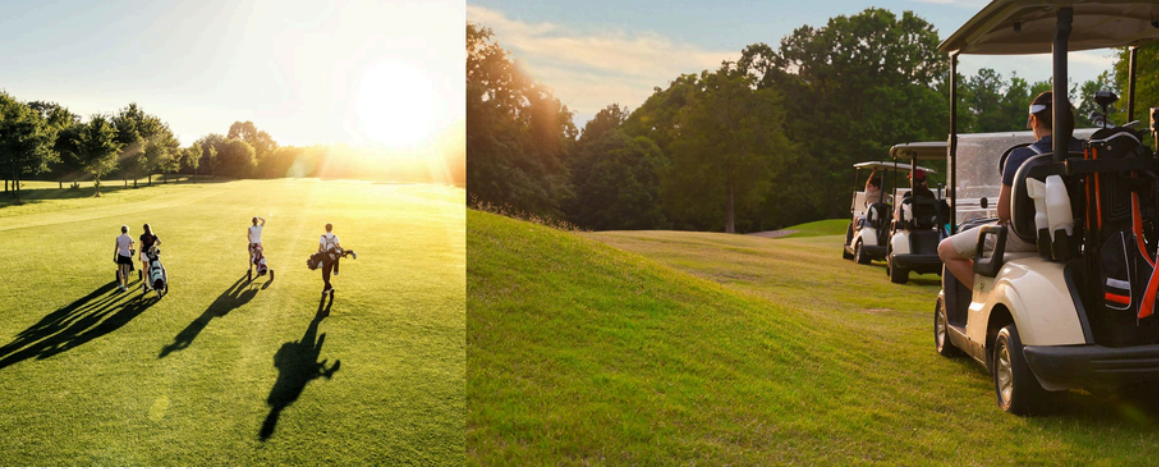

More than just a day on the green, the Covenant Cup is a celebration of gratitude and impact. Every swing helps bring innovation to Covenant facilities across Alberta.

"Bird Construction's participation in this tournament is a reflection of our shared values."

"Like Covenant Foundation, we believe in building stronger communities and supporting the wellbeing of people across Alberta."
