

## 2023-24 Committed Funds Report

Generous donors like you are the reason we were able to commit more than \$1.9 million in 2023-24 to advance health care for Covenant patients, residents and families in 10 communities across the province.

We're proud to be one of the leading healthcare foundations in Alberta, with our contributions advancing health care through investments in state-of-the-art equipment and training, enhanced care spaces, specialized programs, and leading-edge research and innovation.

With community support, we focus our support on six priority areas: seniors' health and wellbeing, mental health and addictions, rural health, palliative care, women's and children's health, and spiritual care and mission.

Your support makes a life-changing difference at 22 foundation-supported Covenant hospitals and continuing care sites that provide: over 900 hospital beds, 2,300 continuing care and palliative beds, 23,500 surgeries, 314,000 outpatient visits, 123,000 emergency visits, and delivered over 8,700 babies each year.

**Thank you for your ongoing support as we work together to drive innovation in health care for all Albertans, through every stage of life, in your community.**

Facility Name	Department/Unit	Project Summary	Focus	Amount	Grant Category
Banff Mineral Spring Hospital	Nutrition Food Services	The Banff Meals on Wheels program delivers affordable, nutritious meals to seniors and individuals recovering at home from illness or injury, meeting their specific dietary needs. The Town of Banff handles the meal delivery, while local doctors, hospital staff, and community care teams refer clients. The program aims to ensure that vulnerable community members receive healthy meals without the stress of finding or preparing nutritious food to aid healing.	Seniors' Health, Rural	\$20,078.00	Compassionate Care & Programs
Banff Mineral Spring Hospital	EMS	Funds will improve the Emergency Medical Services (EMS) Crew Quarters in Banff. EMS workers often stay on site for up to 96 hours, making comfortable living quarters essential. The quarters are currently in a partially converted garage that was renovated over 15 years ago and is now in need of upgrades.	Urgent Needs, Rural	\$565,000.00	Revitalizing Facilities
Banff Mineral Spring Hospital	Allied Health Rehabilitation	New physical therapy and rehabilitation equipment will help acute care patients and long-term care residents improve their physical abilities, recover more quickly, build strength, and stay as independent for as long as possible.	Seniors' Health, Rural	\$6,747.00	State-of-the-Art Equipment
Banff Mineral Spring Hospital	Emergency Department	Funds will improve the physician sleep room by adding a keypad lock, upgrading the bedding, and providing other comfort items, ensuring busy physicians have a designated place to rest and recover from busy periods of providing exceptional emergency care to patients.	Rural	\$1,429.00	Revitalizing Facilities
Banff Mineral Spring Hospital	Long Term Care	Funds will help purchase 20 new chairs for the St. Martha's long-term care dining area to replace the current mismatched and old chairs. These chairs will enhance safety and support social connections through their use for dining, social gatherings, recreation, family visits, and more.	Seniors' Health, Rural	\$8,221.00	State-of-the-Art Equipment

Bonnyville Health Centre	Bonnyville Community Cancer Centre	A designated donation from the Alberta Cancer Foundation will help patients at the Bonnyville Community Cancer Centre cover the costs of food and transportation during cancer treatment through a gift card voucher program. This covers the costs of meals, groceries, and fuel for patients receiving surgery, systemic therapy, immunotherapy, or radiation therapy.	Urgent Needs, Rural	\$43,701.00	Other
Buffalo Grace Manor	Recreation	The Motiview Cycling program encourages older adults to stay active by offering a computer device with a library of cycling videos from around the world. Residents can follow these videos of trails around the world while pedaling on the equipment, enhancing their physical and mental wellbeing.	Seniors' Health, Rural	\$17,950.00	Compassionate Care & Programs
Buffalo Grace Manor		Gifts in Kind: Clinical Items such as a commode, wheelchair armrest, wheelchair cushion, arm sling, bedside table, and transfer belt.	Seniors' Health, Rural	\$700.00	
Chateau Vitaline	Site	Gifts in Kind: Flowers and bedding plants donated to facility.	Seniors' Health, Rural	\$660.00	
Dulcina Hospice	Site	Flowers and garden at Dulcina Hospice and St. Marguerite Manor	Seniors' Health	\$2,500.00	Other
Dulcina Hospice	Music Therapy Program	Funds will help implement a music therapy program to bring comfort and peaceful moments to hospice patients experiencing end-of-life care.	Seniors' Health, Palliative Care	\$10,000.00	Compassionate Care & Programs
Dulcina Hospice	Volunteer Celebration	Funds will help celebrate and thank site volunteers at a volunteer appreciation event. The event will honour the 45 volunteers who support Dulcina Hospice and enhance the care of patients and families at the site.	Seniors' Health, Palliative Care, Staff Support	\$600.00	Compassionate Care & Programs
Dulcina Hospice	Site	A staff appreciation BBQ to thank, celebrate and honour the Covenant staff who provide exceptional care at Dulcina Hospice.	Staff Support	\$300.00	Other
Dulcina Hospice	Site	A staff appreciation event to thank, celebrate and honour the Covenant staff who provide exceptional care at Dulcina Hospice.	Staff Support	\$1,500.00	Other

Edmonton General Continuing Care Centre	Unit 9Y	A recreation cart will be created and stocked with activities for palliative patients. It will include items such as card games and puzzles that can be used by patients comfortably relaxing in bed. Family members will also have access to this cart while sitting by the patient's bedside. These activities aim to enhance social connection and each patient's quality of life. They also provide opportunities for family members to create lasting memories together, making the time spent at the bedside more enjoyable and meaningful.	Palliative Care	\$3,678.00	State-of-the-Art Equipment
Edmonton General Continuing Care Centre	Unit 5C and 5Y - Ming Ai	This project will increase the number of Asian-style meals Ming Ai residents receive each day. Food is a key part of their culture, and having authentic Asian meals honours their background and greatly enhances their happiness and enjoyment. Five special festive meals will also occur during the Lunar New Year, Winter Solstice, Mid-Autumn Festival, Dragon Boat Festival, and Christmas. This will help celebrate important cultural events throughout the year and bring a sense of joy and hope to the community.  Additionally, a SMART TV will allow residents to watch programs like Chinese Opera and provide more variety in entertainment. A larger screen will make viewing easier for everyone. Funds will also support one medilift and one sit-to-stand lift per unit to ensure safe and dignified care support safe transfers for residents.	Seniors' Health	\$25,000.00	Compassionate Care & Programs
Edmonton General Continuing Care Centre	Continuing Care	Funds will help purchase four bariatric support surfaces and one frame to enhance comfort and care for patients. One of these surfaces includes air cushioning to help reduce pressure, which is especially important for those with complex wound care needs.	Seniors' Health	\$13,500.00	State-of-the-Art Equipment
Edmonton General Continuing Care Centre	Site	The Wishing Well program helps make residents' wishes come true, bringing joy and showing them they are valued members of the community at the Edmonton General Continuing Care Centre.	Seniors' Health	\$4,800.00	Compassionate Care & Programs

Edmonton General Continuing Care Centre	Site	The Virtual Reality subscription will support virtual reality programming at the Edmonton General, which provides residents with exciting opportunities to virtually explore new places and try new activities. This helps to enhance their quality of life.	Seniors' Health	\$4,500.00	Other
Foyer Lacombe	Site	Various compassionate care items support the quality of life for residents.	Seniors' Health	\$1,290.00	Compassionate Care & Programs
Foyer Lacombe	Site	Outdoor Patio Furniture to enhance the outdoor space and increase wellness for residents.	Seniors' Health	\$3,000.00	
Foyer Lacombe	Site	The purchase of two Centrella beds, which will be matched by St. Albert Sturgeon Hospice Association (SASHA) in 2024.	Seniors' Health	\$40,000.00	
Grey Nuns Community Hospital	Site	Marshall C. Hunting Award 2023	Staff Support	\$1,400.00	Tomorrow's Possibilities
Grey Nuns Community Hospital	Volunteer Services	Purchase of supplies for volunteers services to support the vital work volunteers at the hospital.	Staff Support	\$200.00	Compassionate Care & Programs
Grey Nuns Community Hospital	Volunteer Services	Enhanced Patient Experience: funding will support supplies and tools made by volunteers to help new babies, children, and dementia patients in Emergency, General Medicine, and Obstetrics. These include twiddle muffs, cuddle babies, teddy bears, and activity kits. Doctors, nurses, and family members frequently request these items.	Women/Children, Staff Support	\$5,000.00	Compassionate Care & Programs
Grey Nuns Community Hospital	Spiritual Care GN & VC	Spiritual Care Integrative Drumming is a program that uses drumming as a way to promote resilience, healing, relaxation, learning, and joy. It helps with mental, physical, emotional, social, and spiritual well-being. The non-religious program uses a variety of drums from different cultures. The funds will help purchase the equipment needed to expand and improve the drumming program.	Spiritual Care	\$24,000.00	Compassionate Care & Programs
Grey Nuns Community Hospital	Palliative Care Unit 43	Funds will improve services for patients and families, ensuring that small details help patients feel respected and comfortable during their end-of-life care.	Palliative Care	\$42,500.00	Compassionate Care & Programs

Grey Nuns Community Hospital	Palliative Care Unit 43	Funds will provide education and training for palliative care health team members. This support will help them continue offering exceptional care to patients and families at end-of-life.	Palliative Care	\$15,000.00	Tomorrow's Possibilities
Grey Nuns Community Hospital	GNCH Child Health Clinic - Foster Care Clinic	Families often face delays in receiving support from Children Services and other government agencies and may turn to the Foster Care Clinic for urgent help. Urgent needs funding will help buy grocery, transit, and other cards for these families. These cards will allow them to purchase essential items such as food, formula, medication, and personal care items.	Urgent Needs, Women/Children	\$15,000.00	Compassionate Care & Programs
Grey Nuns Community Hospital	NICU Unit 32	New interactive physical–digital play technologies are shaping the way children play. Current interactive physical–digital play technologies, including interactive playground projectors, help children promote development of self-awareness, teamwork, decision making, and social interaction. In the health care settings, these digital technologies can also be used to reduce waiting anxiety, create positive and engaging experiences, and lead to positive health outcomes.	Women/Children	\$13,271.00	State-of-the-Art Equipment
Grey Nuns Community Hospital	Facility	Ruth Isabel Barth Award	Staff Support	\$500.00	Other
Grey Nuns Community Hospital	Foster Care Clinic	Gifts in Kind: Foster Care Clinic Items from Violet Germsheid	Women/Children	\$899.93	Other
Grey Nuns Community Hospital		Gifts in Kind: Winter items	Urgent Needs	\$295.00	
Grey Nuns Community Hospital	Site	Marshall C. Hunting Award 2024	Staff Support	\$1,400.00	
Martha's House	Martha's House and Evanston Summit	Funds for the School Lunch Program will provide supplies to make healthy lunches for children facing food insecurity throughout the school year. Residents volunteer their time to prepare the lunches, which are then delivered to schools by another volunteer. Each lunch includes a sandwich, fruit, a snack, and a drink. The drinks vary between milk, chocolate milk, and fruit juice. The program gives residents an opportunity to connect with their community and provides a meaningful sense of purpose.	Seniors' Health, Rural	\$15,000.00	Compassionate Care & Programs

Martha's House	Site	Funds will help provide supplies for a garden where residents can spend time enjoying the outdoors.	Seniors' Health, Rural	\$1,400.00	Other
Martha's House	Site	Funds will help replace and upgrade the public address system—a speaker system used to make announcements and play sound throughout the building. The system is used for activities like weekly bingo, concerts performed by residents, and Catholic Mass. Improving the sound system will better support a range of activities that benefit residents physically, mentally, and spiritually.	Seniors' Health, Rural	\$5,002.00	
Misericordia Community Hospital	Mission, Ethics and Spirituality	Funds will support the Indigenous Care program, ensuring Indigenous Care Liaisons at Misericordia Community Hospital and Grey Nuns Community Hospital have the necessary supplies for sacred ceremonies, cultural awareness, Indigenous protocols, and smudging materials. The funds will also help provide cultural training and education for staff, promoting better understanding and awareness of Indigenous practices within the organization.	Spiritual Care	\$25,500.00	Compassionate Care & Programs
Misericordia Community Hospital	Institute for Reconstructive Sciences in Medicine (IRSM)	Funds will support an oropharyngeal soft tissue response following tongue reconstruction project that examines how soft tissue changes after tongue reconstruction surgery. Head and neck cancer can make it hard for survivors to swallow and speak. Recent improvements in planning and surgery have helped survivors, but there is still a lot to learn about how the tissue responds to these surgeries. Understanding these changes is important for improving recovery and quality of life for survivors.	Urgent Needs	\$77,214.00	State-of-the-Art Equipment
Misericordia Community Hospital	Child Health Unit, Mother Rosalie Building	Two breastfeeding chairs and a hospital-grade breast pump are needed for mothers seeking breastfeeding support. The chairs are specially designed to be large enough for feeding twins and can recline to accommodate various feeding positions. These items will help create a calm and supportive environment, making it easier for mothers to achieve their breastfeeding goals.	Women/Children	\$9,089.00	State-of-the-Art Equipment

Misericordia Community Hospital	NICU Neonatal Intensive Care Unit	Infants in the Neonatal Intensive Care Unit (NICU) require fluids and nutrition delivered through an IV line or feeding tube. To ensure the correct amounts are given, infusion pumps are essential. Funding will support a NICU infusion pump wall mount system that will help keep the NICU organized by reducing clutter and improving safety. These systems also enhance the experience for patients and their families, making it easier for parents or guardians to stay with their baby.	Women/Children	\$10,015.00	State-of-the-Art Equipment
Misericordia Community Hospital	Mental Health & Addiction	Funding supports recreational activities that enhance mental wellbeing.	Mental Health	\$1,350.00	Compassionate Care & Programs
Misericordia Community Hospital	Lunch Room	A new sofa in the lunch room will provide staff with a comfortable place to rest and recover, ensuring they can do their best work and continue to provide exceptional care to patients.	Staff Support	\$200.00	Other
Misericordia Community Hospital		Gifts in Kind—Art Donations from: Amy Loewan, Tom Gale and Arlene Wasylnchuk to enhance the space and make it more comforting for patients and families.	N/A	\$53,900.00	Other
Misericordia Community Hospital	Operative Services	Funds will help purchase the Hologic Accessa Radiofrequency Ablation System for Uterine Fibroids (Lap-RFA) system at the Misericordia Community Hospital. This equipment offers a new, minimally invasive treatment for women with uterine fibroids and will be the first of its kind available in Alberta. It lets women keep their uterus and return home the same day after the procedure. This treatment improves patient experience and outcomes and helps free up resources in the healthcare system.	Urgent Needs	\$141,772.90	Other
Misericordia Community Hospital	Facility	Ruth Isabel Barth Award	Staff Support	\$500.00	Other
Misericordia Community Hospital	Facility	Betty Avison Hamilton Award	Staff Support	\$1,000.00	Other
Misericordia Community Hospital	Facility	Denise Steele Memorial Award	Staff Support	\$1,000.00	Other

Misericordia Community Hospital	NICU	Funds will support vital equipment such as Neopuffs, CPR Training Materials, machine-driven CPAP machines and Bilblankets, which enhance care for premature and critically ill babies in the neonatal intensive care unit.	Women/Children	\$27,685.00	Other
Misericordia Community Hospital	Labour and Delivery/Postpartum	<p>Funding will support a three-part project to improve health care in the Women's Health Program, in line with the calls to action of the Truth and Reconciliation Commission of Canada.</p> <p>Phase 1 and 2: These initial phases focus on preparation, planning, education about decolonization, and building allyship.</p> <p>Phase 3: Future funding will be sought for this phase, which involves establishing an Indigenous birthing room in the labour and delivery area.</p> <p>This project aims to enhance health care access and outcomes for marginalized groups.</p>	Women/Children	\$182,000.00	
Saint-Thomas Health Centre	Supportive Living	Funding for the Cycling Without Age program will be used to buy two adapted bicycles for people with mobility challenges. These bicycles will help improve residents' quality of life and access to the community.	Seniors' Health	\$39,237.00	State-of-the-Art Equipment
Saint-Thomas Health Centre	Supportive Living	<p>Funding will provide Covenant Care's Saint Thomas Supportive Living in Edmonton with five murals, known as "sensory-scapes," to be placed in its Memory Care Units and elevator lobby. These murals are designed to ease anxiety in residents with dementia by disguising exit doors, which can trigger distress when residents attempt to leave.</p> <p>The murals, called Trompe L'oeils (meaning "deceive the eye" in French), feature calming scenes such as nature, bookshelves, houses, and animals. In addition to providing security, these murals also create an engaging and soothing atmosphere, often sparking positive memories for residents.</p>	Seniors' Health	\$11,340.00	Compassionate Care & Programs

Saint-Thomas Health Centre	Site	The Rock Star Program appreciates staff for their hard work and contributions.	Staff Support	\$500.00	
St. Joseph's Auxiliary Hospital	Resident Care Areas	Funds will be used to install door decals on the remaining doors in the Memory Care Units. These bright, colourful decals on resident room doors can help residents feel more comfortable and joyful. The decals also make it easier for residents to find their rooms, as unique door encourages independence and allows residents to express themselves. This builds on previous work sponsored by Covenant Foundation to create a more home-like environment for residents living with dementia.	Seniors' Health	\$41,083.00	Compassionate Care & Programs
St. Joseph's Auxiliary Hospital	Site	Funding will support the Bateman Staff Mission Awards at St. Joseph's Auxiliary Hospital. Each year, four individuals or team members are recognized for their outstanding example of living the Mission, Vision and Values of Covenant Health in their daily work. Eligible recipients include staff members, physicians, or volunteers at St. Joseph's Auxiliary Hospital. They are chosen based on nominations from their peers, residents and their families. The Bateman family has supported these awards with a fund since 1998.	Staff Support	\$2,000.00	Other
St. Joseph's Auxiliary Hospital	Site	Funds will support the Rose Chappel Award, which helps enhance the quality of life for residents at St. Joseph's Auxiliary Hospital. The award is given to a nurse or allied health care professional employee to support their education and professional development. This award is funded by an endowment from the Edmonton Community Foundation.	Staff Support	\$2,000.00	Other
St. Joseph's Auxiliary Hospital	Site	St. Joseph's Auxiliary Hospital will receive a donation of \$25,000 to enhance care.	Seniors' Health	\$25,000.00	

St. Joseph's Home	Carmel Hospice/Palliative Care	<p>Funds will help purchase one Centrella smart bed for the Palliative Care Unit. The smart bed is equipped with features designed to improve patient safety, comfort and satisfaction.</p> <p>There are already four of these beds already in use in the unit, and they have received excellent feedback from patients and their family. Expanding access to this state-of-the-art equipment will help more patients in their final stages of life.</p>	Palliative Care, Rural	\$22,000.00	State-of-the-Art Equipment
St. Joseph's Home	Carmel Hospice/SAB/Supportive Living Lodge	<p>The Patient &amp; Family Support Program enhances the experience of patients, residents, and their families at St. Joseph's Home by providing small tokens of compassion. These may include coffee, candy, small holiday gifts (such as for Christmas or Valentine's Day), or activity items like games and music.</p> <p>This ongoing program at St. Joseph's Home aims to show care and support through these thoughtful gestures.</p>	Palliative Care, Rural	\$9,000.00	Compassionate Care & Programs
St. Joseph's Home	Carmel Hospice	Upgrades to the Carmel Hospice Staff Lounge will help create a more inviting and relaxing space for staff who provide exceptional care to hospice patients.	Staff Support, Rural	\$62,370.00	Revitalizing Facilities
St. Joseph's Home	Site	Gifts in Kind: Two twin adjustable beds with mattresses from Costco	Seniors' Health, Rural	\$4,799.99	

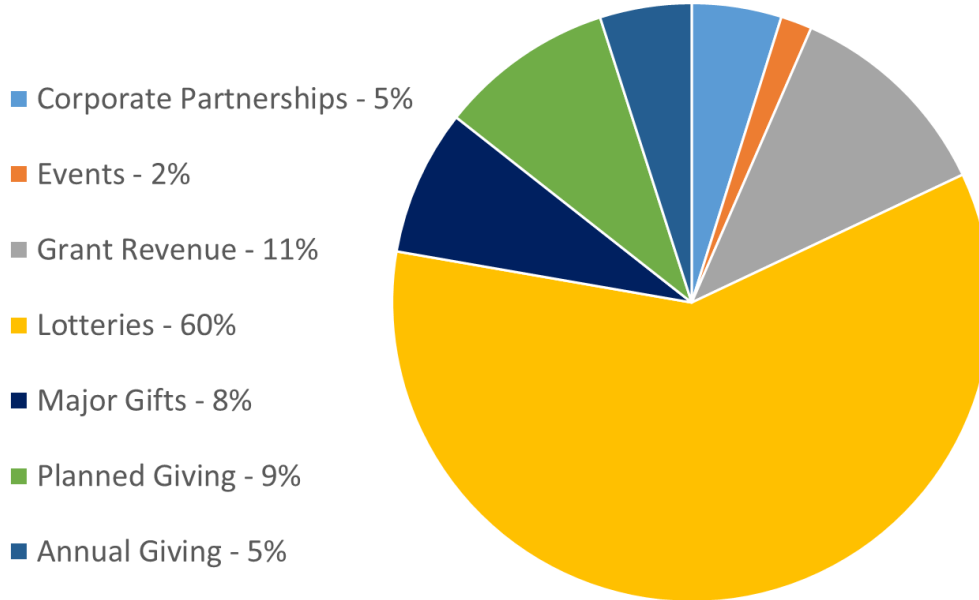

St. Marguerite Manor	Recreation Therapy	Funds will help purchase two additional Tovertafels for the Memory Care Unit. Currently, each building has only one Tovertafel, but there are two Memory Care Units in each building. As a result, the Tovertafel is moved between units every month, leaving one unit without its regular therapeutic sessions. While both units have permanent mounts for the device, only one projector is available. Adding two more Tovertafels will ensure that all four Memory Care Units in both buildings have consistent access to this valuable therapy tool. The Tovertafel is an innovative gaming system that projects interactive images onto a table, providing cognitively stimulating activities for residents to enjoy and enhancing their quality of life.	Seniors' Health	\$30,403.00	State-of-the-Art Equipment
St. Michael's Health Centre	St Michael's Health Centre	Funds will support the School Lunch Program at St. Michael's Health Centre. The program provides 25 lunches daily to St. Martha's Elementary from Monday to Thursday during the school year. The lunches are prepared and delivered by dedicated residents, staff, and volunteers. This program is a collaboration between St. Michael's Health Centre and Martha's House, both of which make and deliver meals to local schools. The opportunity to volunteer gives residents a sense of meaningful purpose and helps keep them connected to their community.	Seniors' Health, Rural	\$12,000.00	Compassionate Care & Programs
St. Michael's Health Centre	Long Term Care and Supportive Living Dementia Care	Funds will provide Sensory Montessori packages to support meaningful sensory activities for residents with dementia in long-term care and supportive living units. These activities aim to enhance the well-being of individuals living with dementia by engaging their senses in a therapeutic way.	Seniors' Health, Rural	\$12,850.00	Compassionate Care & Programs

St. Michael's Health Centre	Palliative Care	Funding will help purchase two Centrella smart beds to enhance patient safety and comfort at the Palliative Care Unit. These specialized beds are designed to meet the needs of vulnerable patients who require complex care. At another site, similar beds donated to St. Joseph's Health Centre have been reported to reduce pressure and improve comfort for patients. The addition of these two beds will help improve the quality of care in the Palliative Care Unit.	Palliative Care, Rural	\$44,000.00	State-of-the-Art Equipment
St. Therese Villa	Administration	Funds will support several key improvements to enhance care for residents including: streaming music into the four dining areas for residents, upgrading the courtyards and gardens, and supporting activities for residents and their families. This support will cover various items and events, including music, creative activities, games with prizes, coffee and snacks, and gift cards.	Seniors' Health, Rural	\$20,000.00	Compassionate Care & Programs
Various Sites	Covenant Foundation	Gifts in Kind: Various items donated to furnish the new kitchen and breakroom at the One Twelve Campus Office.	Staff Support	\$700.51	Other
Various Sites	All Sites	The Cable Family Endowment fund helps on non-discriminatory basis patients and their families with financial difficulties caused by hospitalization. This funding will be used as a "fund of last resort" to offer temporary financial support to help provide essential items such as clothing and toiletries when other programs or sources of help are not available.	Urgent Needs	\$69,000.00	Compassionate Care & Programs
Various Sites	All Sites	Funds will go towards areas of greatest need to enhance care provided to residents at multiple Covenant sites.	Seniors' Health	\$21,000.00	Compassionate Care & Programs
Various Sites	Site	The Heart for Music Program provides music therapy to various Covenant sites with the goal of enhancing care for patients and residents.	Seniors' Health	\$1,505.00	Compassionate Care & Programs
Various Sites	Site	The Heart for Music Program provides music therapy to various Covenant sites with the goal of enhancing care for patients and residents.	Seniors' Health	\$1,735.00	Compassionate Care & Programs

Various Sites	Spiritual care - Acute & Seniors	Funds will cover the costs of running our chapels for various services, including Catholic Mass, Ecumenical services, Corporate Memorial Services, and other sacred events and ceremonies. These programs support the spiritual care of patients, residents, and their families.	Spiritual Care	\$18,600.00	Compassionate Care & Programs
Villa Caritas	Site	Gifts in Kind: Wheelchairs	Mental Health	\$790.00	Other
Villa Marie	Site	Gifts in Kind: An aquatico Ocean Shower Commode	Seniors' Health, Rural	\$1,935.00	Other
Villa Marie		Gifts in Kind: A Hospital Bed	Seniors' Health, Rural	\$1,029.00	
Youville Home	Recreation	Funding will support a resident wellness and quality of life improvement program that includes music therapy, Concerts in Care, animal therapy, the Wishing Well program, and other personalized recreation activities. These programs help create enjoyable experiences and improve the quality of life for residents at Youville Home.	Seniors' Health	\$38,280.00	Compassionate Care & Programs
Youville Home	Nursing Units	Funding will support the White Rose Program, which provides compassionate care to residents nearing their end of life. The funds will be used to purchase four recliner chairs for family members to use while sitting beside their loved ones during this time.	Palliative Care	\$12,000.00	State-of-the-Art Equipment
Youville Home	Recreation Department	Funding will support a wheelchair lift and other items for the recreation department to enhance the quality of care provided.	Seniors' Health	\$18,000.00	State-of-the-Art Equipment
Total				\$1,970,405.33	

# 2023-24 Fundraising Breakdown

Our revenue came from the following sources last year:

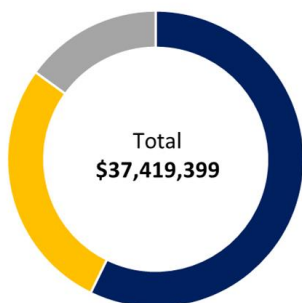

## Committed Funds as of March 31, 2024

We establish our funding priorities each year based on priority needs identified by our Covenant partners: Covenant Health, Covenant Care and Covenant Living.

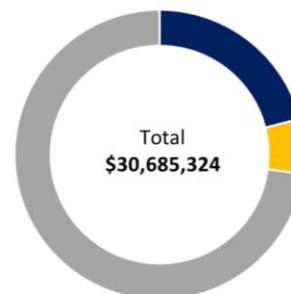

As of March 31, 2024, we are holding \$37 million for the 22 Covenant hospital and continuing care sites we support. Delays in spending from our partners to whom we grant funds happen for a number of reasons. For example, delays in infrastructure projects can lead to an extended timeline to buy equipment, start programs and carry out research. Delays in buying equipment can also result from the sites testing the performance and suitability of equipment to ensure the Foundation purchases the best state-of-the-art technology possible for Albertans' health care.
